Meeting ID: 824 5419 3447
Passcode: 485959**

AGENDA

Any member of the general public who wishes to make public comment should send an email to wmallete@burlingtonnc.gov or (336) 513-5418 by Friday, August 13, 2021, 3:00 p.m. to receive the meeting login information or to have their comments read during the public comment portion of the meeting.

- 1) **Call to Order and Determination of Quorum** **Chairman**
- Welcome and Introductions
- Roll Call Attendance
- Changes to Agenda / Add On Items
- Speakers from the Floor – 3 minutes per speaker
- NC Ethics Statement for TAC members

- 2) **Approval of Minutes from May 18 and June 15, 2021 Meetings** **Chairman**

- 3) **NC Moves 2050 Resiliency Element** **Nastasha Earle-Young**

INFORMATION: NCDOT now requires MPOs to include a discussion of resiliency planning in their transportation planning documents as severe environmental hazards and weather events pose a threat to mobility and accessibility. Studies have shown that flooding poses safety risks and causes travel time delays. NCDOT staff will also discuss potential funding to assist communities to conduct risk assessments.

RECOMMENDATION/ACTION: 1) Receive information and discuss.

- 4) **NCDOT Draft CTP Update** **Daryl Vreeland**

INFORMATION: NCDOT requested the BGMPO review of draft CTP maps and project lists. NCDOT staff will present an update of the data collection efforts and project schedule revisions.

RECOMMENDATION/ACTION: 1) Receive information and discuss.

5) **FY 2020-2025 TIP Amendments** **Blake Cashmore**

INFORMATION: The BGMPO Transportation Improvement Program (TIP) consists of projects included in the NCDOT 2020 – 2029 State Transportation Improvement Program (STIP). The BGMPO TIP needs amendment to align with recent STIP project schedule changes or programming.

RECOMMENDATION/ACTION: 1) Receive information and discuss; 2) TAC approval of the July and August 2021 TIP amendments by resolution.

6) **NCDOT BOT Update** **Mike Fox**

7) **FHWA Update** **Suzette Morales**

8) **NCDOT TPD Update** **Daryl Vreeland**

9) **NCDOT Division Engineer Report** **Stephen Robinson**

10) **Other Business** **Wannetta Mallette**

- MPO Staff Reports and Updates
- Questions and Updates from TAC Members
- **Next Meeting Scheduled October 19, 2021**

ACCESS TO INFORMATION:

ALL MPO DOCUMENTS AND DATA CAN BE PROVIDED IN ALTERNATIVE FORMAT UPON REQUEST

It is the policy of the Burlington Graham Metropolitan Planning Organization to ensure that no person shall, on the ground of race, color, sex, age, national origin, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and any other related non-discrimination Civil Rights laws and authorities.

**BURLINGTON – GRAHAM METROPOLITAN PLANNING ORGANIZATION
TRANSPORTATION ADVISORY COMMITTEE**

**TUESDAY MAY 18, 2021
The meeting held remotely via Zoom**

MEETING MINUTES

MEMBERS PRESENT

Leonard Williams, Gibsonville (Chair)
Jim Butler, Burlington
Monti Allison, Elon
Ed Hooks, Mebane
Mary Beth Murphy, Guilford County
Mike Fox, NCDOT - BOT
Wright Archer, NCDOT – Division 7
Melody Wiggins, Graham

NCDOT STAFF PRESENT

Stephen Robinson, Division 7
Daryl Vreeland, TPD

FHWA STAFF PRESENT

Suzette Morales

BGMPO STAFF PRESENT

Wannetta Mallette
Blake Cashmore

OTHERS PRESENT

Yvonne Maizland, Gibsonville
Cy Stober, Mebane
Peter Murphy, ACTA
Mike Nunn, Burlington
Pam DeSoto, Elon
Ashley Ownbey, Mebane
Jim Sykes, Alamance County

Call to Order

Chair Leonard Williams called the May 18, 2021 TAC meeting to order at 5:35 p.m. and welcomed all members and guests. Introductions were made by the newest TAC members Mr. Wright Archer - Division 7 Engineer, Ms. Mary Beth Murphy - Guilford County Commissioner and Ms. Yvonne Maizland - Town of Gibsonville Alderman. Ms. Wannetta Mallette then conducted the membership roll call and determined a quorum.

Chair Williams requested a motion to approve the draft agenda. Mr. Mike Fox made the motion to approve the agenda, seconded by Mr. Ed Hooks. The motion carried by unanimous voice vote. The NC Ethics Statement for TAC members was read and no known conflicts of interest were identified. Chair Williams recognized those wanting to make public comments.

Approval of Minutes from March 23, 2021 TAC Meeting

Chair Williams requested a motion to approve the March 23, 2021 meeting minutes. Ms. Mary

Beth Murphy made the motion and Mr. Jim Butler seconded the motion. The motion to approve the March 23, 2021 meeting minutes carried by unanimous voice vote.

Haggard Avenue Corridor Plan - Phase I

Ms. Pam DeSoto presented the Haggard Avenue Phase I Corridor Plan. She identified Haggard Avenue as one of the priority areas in the 2019 Town of Elon's Comprehensive Plan. The study was funded by a \$40,000 Special Studies planning grant through the Burlington-Graham BGMPO Unified Planning Work Program (UPWP) and a \$10,000 local match by the Town of Elon. The town selected SEPI, Incorporated (SEPI) to conduct the study. Ms. DeSoto explained the importance of the Haggard Avenue as a vital east-west corridor serving the Towns of Elon, Gibsonville, Burlington and Elon University. The currently corridor has no bike facilities and sporadic sidewalks. The purpose of the study is to meet future mobility demands of the Town and those called for in the University's Master Plan to develop an improved roadway design and reduce the number of pedestrian, bicycle and vehicle conflicts.

An extensive public engagement process was implemented that included hosting two public meetings and developing a steering committee comprised of NCDOT, MPO, Elon University staff, local bike and ped advocates, and local jurisdictions' representatives. SEPI identified two-character areas—Campus Scale and Suburban Highway—which influenced plan recommendations and schematic designs. Ms. DeSoto described the schematic (conceptual) design recommendations as including a median for most of the corridor, realignment of N. Oak Avenue, and possible addition of roundabouts. Ms. DeSoto also highlighted a potential framework for a Corridor Overlay District created by SEPI that would guide development of Haggard Avenue bike and ped improvements. Ms. DeSoto closed her presentation by thanking the TAC for their support and stating the town Board approved the Phase I study and proceeding with the development of the Phase II and III studies.

Mr. Jim Sykes asked if the University would close Haggard Avenue from Williamson to Oak and the timing of improvements to the project area waterlines. Ms. DeSoto responded the entire corridor is maintained by the Town of Elon and the waterline is currently being budgeted as a priority. Mr. Sykes also questioned the environmental impacts, preliminary cost estimates and project's cost benefit. Ms. DeSoto said the project will benefit the city as a whole and how it would enhance the Town of Elon. Ms. DeSoto explained the importance of the corridor to the town and improvements will enhance safety.

Mr. Fox recommended Mr. Sykes consult with the Town of Elon representatives as the presentation was for TAC information only. Mr. Sykes requested a meeting with Mr. Fox and Mr. Fox accepted the offer. There were no further questions. The TAC thanked Ms. DeSoto for her presentation.

Lowe's Boulevard Corridor Plan

Mr. Stober thanked the TAC for their support and provided an overview of the Lowe's Boulevard Corridor Plan for information and introduced Ms. Ashley Ownbey as the Project Manager. Ms. Ownbey said the study was conducted by Ramey Kemp & Associates. The

extension of Lowe's Boulevard is identified in both the Mebane Comprehensive Transportation Plan and the BGMPO 2045 Metropolitan Transportation Plan. Ms. Ownbey described the project study area. The project purpose is to reduce congestion at the Trollingwood-Hawfields Road and NC 119 intersection. Ms. Ownbey said the City of Mebane expects considerable growth and development pressures within the project area as NC Commerce Park continues to expand. Public engagement began in December 2020 and included mailings to owners and tenants, announcements at city meetings, and social media posts. All public engagement efforts were completed in accordance with Title VI guidance. Conceptual designs were developed and presented to the public and planning board. In early March, the Mebane City Council unanimously approved a phased version of Concept 1A. Ms. Ownbey described the concept features as including a two-lane median-divided road with a 5' sidewalk on one side and 10' multi-use path on the other.

Mr. Stober reiterated that the need for the Lowe's Boulevard extension as alleviating north/south congestion in the area by providing another east/west connection. He again thanked the TAC for their support and requested approval of the plan. There being no questions, Chair Williams requested the motion. Mr. Hooks made a motion to approve the Lowe's Boulevard Corridor Plan improvements as an amendment to the BGMPO Comprehensive Transportation Plan. Mr. Fox seconded the motion, and the motion was approved by unanimous voice vote.

NCDOT Draft CTP Maps and Project Lists

Ms. Mallette said draft CTP maps and project lists were emailed to the TAC and requested members review their projects against NCDOT's Complete Streets guidance and provide comments by June 30th. The draft CTP will be released for public comment at the August TAC meeting with a tentative BGMPO adoption date of October 2021. There was no further discussion.

Agency Reports and Updates

NCDOT-BOT: Mr. Fox announced that the Board agreed to host hybrid in-person and virtual meetings. NCDOT is strongly encouraging all employees to get vaccinated, practice social distancing and wear masks. NCDOT finances were looking strong as the state continues to rebound from the impacts of Covid.

FHWA: No updates.

NCDOT-TPD: Updates included in agenda packets.

NCDOT-Division 7: Mr. Stephen Robinson presented the Division Engineer Report and highlighted the work that began on Mebane Oaks Road. Mr. Archer met with the contractor and utility relocations and temporary signal installation will occur over the next few weeks. Mr. Robinson ended his report by stating that the bridge replacement on Huffman Mill Road south of I-40 is underway and the public to be aware of lane closures.

BGMPO:

Highway Safety Plan - The BGMPO and NCDOT are still in the process of revising the Highway Safety Plan Scope of Work. The project start is anticipated for August 2021.

P6.0 - Staff is completing P6.0 data review that includes Complete Street and Purpose and Needs forms. Ms. Mallette requested TAC members review their Complete Streets forms included with their submittal packages and forward the BGMPO any revisions. SPOT 6.0 scores will be released late summer or early fall.

TIP amendments - In accordance with the Public Involvement Plan, the BGMPO will approve TIP amendments as-needed by virtual meetings when approval is needed during non-meeting months.

Adjournment

The TAC requested the August meeting be held in-person. Ms. Mallette said it would be dependent upon the City of Burlington's protocol. Mr. Hooks, Mr. Fox and Chair Williams suggested meeting locations within their jurisdictions. There being no further business, Mr. Fox made the motion to adjourn, seconded by Mr. Hooks. Chair Williams adjourned the meeting at 6:33 p.m. The next TAC meeting was scheduled on **August 17, 2021**.

**BURLINGTON – GRAHAM METROPOLITAN PLANNING ORGANIZATION

Call to Order

Chair Leonard Williams called the June 15, 2021 TAC meeting to order at 5:31 p.m. and welcomed all members and guests. Ms. Wannetta Mallette conducted roll call of members and determined a quorum.

Chair Williams requested a motion to approve the draft agenda. Mr. Mike Fox made the motion to approve the agenda, seconded by Mr. Jim Butler. The motion carried by unanimous voice vote. The NC Ethics Statement for TAC members was read and no known conflicts of interest were identified. Chair Williams recognized those wanting to make public comments. No public comments were made. Ms. Mallette said the minutes from the May and June meetings will be presented at the August meeting for approval.

FFY21 American Rescue Plan Act and FFY22 Section 5307 Suballocation

Ms. Mallette provided an overview of the American Rescue Plan (ARP) Act and Section 5307 formula funding for regional transit agency BGMPO suballocations included in the TAC agenda packets. She said NCDOT and the FTA approved the suballocation schedule as presented and Mr. Peter Murphy, ACTA Executive Director, voiced concern and opposition to the ARP suballocation methodology as ACTA would lose funding. Mr. Murphy preferred that the exact percentages used in the fund suballocations. Ms. Mallette added that NCDOT recommended corrective measures for future suballocations. Ms. Mallette concluded by

requesting the TAC approved the BFGMPO FY 21 ARP Act and FY22 Section 5307 Formula Fund suballocations.

Mr. Peter Murphy introduced himself and explained that ACTA disagreed with the MPO's inconsistent manner in developing the suballocations. The MPO used exact amounts in previous years and as a result of rounding, resulted in ACTA losing revenue. Mr. Murphy requested the MPO use exact amounts in the future as the suballocations were already approved by the FTA for FY22. There being no further comments, the TAC recommended the MPO implement NCDOT's corrective measures. The Chair called for a motion to approve the FY 22 ARP Act and Section 5307 Formula Funding allocations. Mr. Ed Hooks made the motion, seconded by Mr. Bob Ward. The motion carried by unanimous voice vote.

FY 2020 - 2025 TIP Amendments

Ms. Mallette provided an overview of recent TIP amendments. The amended projects include the addition of two CMAQ projects and scope and schedule changes to W-5807B, a Boone Station Road pedestrian safety improvement project. Ms. Mallette requested TAC approval of the June TIP amendments. Chair Williams called for motion to approve the June TIP amendments by resolution. Mr. Carter made the motion to approve, seconded by Mr. Hooks. The motion carried by unanimous voice vote.

Agency Reports and Updates

Ms. Mallette reminded the TAC of the June 30 deadline to submit their CTP comments to NCDOT-TPD.

Adjournment

Ms. Mallette said she is working with the Chair to identify in-person locations for the August meeting. Mr. Fox suggested meeting at the Division office. Mr. Carter recommended the Lofts at Haw River. Chair Williams recommended the Gibsonville Recreational Center. Ms. Mallette cautioned the TAC that the MPO will have to adhere to current Covid protocols. There being no further business, Chair Williams called for a motion to adjourn. Mr. Hooks made the motion and the meeting adjourned at 6:10 p.m. The next meeting was scheduled on **August 17, 2021**.

NORTH CAROLINA Department of Transportation

Transportation Resiliency

Background

Extreme Events

Hurricanes, prolonged flooding, increased maintenance/asset repairs

- 2018 Florence
- 2016 Matthew
- Other isolated, intense storms

2015-
Present

Federal Response

- FAST Act
- FHWA Emergency Relief Funds
- Vulnerability and Adaptation
- Resiliency considerations in long range plans
- Toolkits, training, peer exchanges (e.g., RAMCAPs Colorado procedure document)
- **USACE Flood Risk Feasibility Studies on Tar Pamlico, Neuse, and Lumber River Basins**

State Response

- **EO80**
- NC Climate Change Interagency Council
- ZEV Plan

NCDOT's Agency Resiliency Strategy Report

- **Executive Order 80**
 - 2020 NC Climate Risk Assessment and Resilience Plan tasks us annually to prepare an Agency Resiliency Strategy Report
- **Money**
 - The cost for doing nothing is more expensive than the cost of implementing resilient solutions
 - NCDOT has already directly or indirectly benefitted from federal funding specifically for resilience projects. Future funding is likely and will favor “*shovel worthy*” projects
- **It is the Department's mission** to ensure a safe and resilient system

Session Law 2019- 251 SB 356

DISASTER RELIEF FUNDS

SECTION 1.7. In addition to any other funds appropriated during the 2019-2020 fiscal year, there is appropriated from the General Fund to the Department of Transportation the sum of thirty-six million dollars (\$36,000,000) to be used as follows:

- (1) \$30,000,000 for current and future activities related to recovery from Hurricane Dorian such as debris removal and repair of highway infrastructure damage.
- (2) \$2,000,000 for the Living Shoreline projects.
- (3) \$2,000,000 to expand the Flood Inundation Mapping Alert Network for Transportation.
- (4) \$2,000,000 for a Flood Risk and Vulnerability Assessment on the Strategic Highway Corridor System.

FIMAN-T

The screenshot displays the FIMAN-T web application interface. At the top, the logo for FIMAN (Flood Inundation Mapping and Alert Network) is visible, along with navigation links for ABOUT, MAP, ACCOUNT, and LOG OUT. Below the header, there are tabs for Search Gages, Gages Summary, Legend, Building Legend, and Weather Radar. The main area is a map of North Carolina with numerous gage locations marked by colored circles and arrows. A search bar is located in the top right corner of the map area. On the left side, there are map controls including zoom in (+), zoom out (-), home, and full screen icons. At the bottom left, a button indicates 'Showing 456 Gages' and another says 'Show Startup Gages'. At the bottom center, a tooltip reads 'Click a gage to view more information.' On the right side, there is a 'Gage Level' legend and a table showing data for selected gages.

Current / Scenario / SEL	Freeboard (ft)

NC Moves 2050 Action

DEVELOP and Mainstream Risk / Resiliency Practices			
	Action	Lead	Measures
R2	<p><i>Identify and prioritize multimodal transportation improvements that enhance system performance and reliability.</i></p> <ul style="list-style-type: none"> • Use U.S. 70 STC as a pilot project to demonstrate capabilities of FHWA sponsored tools such as Vulnerability Assessment Scoring Tool and Hazard Vulnerability Index. • Identify criticality criteria and impact of environmental stressors to multimodal infrastructure – highway, rail, air/sea/inland ports and to threatened access points. • Identify highest priority multimodal projects that make U.S. 70 more resilient and builds redundancy. Quantify asset and transportation system-based impacts to vulnerable populations along the corridor. • Recommend risk based and benefit/cost scoring calculations to incorporate into latest SPOT process. 	<p>Transportation Planning Division</p> <p><i>Kusondra King</i></p> <p>kbking1@ncdot.gov</p>	<p>Development of the state’s risk & resiliency plan (a recommended step in R1) will help identify appropriate measures. These can be paired with other required federal performances related to reliability, such as auto and truck travel time reliability on the NHS.</p>

NC Moves 2050 Action

DEVELOP and Mainstream Risk / Resiliency Practices			
	Action	Lead	Measures
R4	<p><i>Support community-based resiliency approaches that inform NCDOT practices.</i></p> <ul style="list-style-type: none"> • Incorporate scenario-based analyses within the development of comprehensive transportation plans (CTPs) and metropolitan transportation plans (MTPs). • Streamline and integrate CTP outcomes within project development and preconstruction activities, including Integrated Project Delivery process. • Coordinate closely with MPOs and RPOs to align state and local practices within their long-range plans. Ensure local comprehensive plans inform state and local decision making. • Develop best practice approaches and facilitate peer exchange opportunities between MPO/RPO planning partners and through FHWA sponsored training. 	<p>Environmental Policy</p> <p>Colin Mellor</p> <p>cmellor@ncdot.gov</p>	<p>None recommended at this time.</p> <p>Progress for these steps is appropriate to report qualitatively. Development of the state's risk & resiliency plan (a recommended step in R1) may identify specific desired outcomes that could be measured.</p>

Strategy Vision, Goals, Objectives

Outcomes: Resiliency incorporated within each phase of transportation – *Planning* → *Maintenance*

Resiliency Strategy

Goals, Objectives

- O1:** Define the core components of a Policy Framework
- O2:** Assess the vulnerability and risk of North Carolina's multimodal transportation network.
- O3:** Identify and develop risk/resiliency efforts across the spectrum of NCDOT activities.
- O4:** Identify current and future opportunities to more closely coordinate with federal and state agencies and local planning partners

Short Term Strategies

The report outlines 17 short term strategies organized into 7 overarching categories, to be enacted over the next 12 months.

Cross-cutting	Awareness and Branding: Raise Resilience Visibility and Awareness
	Awareness and Branding: Build an Agency Resilience Brand
	Funding: Pursue Funding Opportunities
	Research Participation: Participate in National, State Research
Scoping	Develop Resilience Scoping Guidance
Planning	Conduct Multimodal Vulnerability Assessment in Strategic Transportation Corridor
	Incorporate Resilience Assessments in Long Range Plans (MTPs/CTPs)
	Incorporate Resilience within Integrated Project Delivery (IPD) Update
	AVIATION: Address Gaps in Resilience Planning and Standards
	FERRY: Address Gaps in Resilience Planning and Standards for Ferry
	FREIGHT: Address Gaps in Resilience Planning and Standards
	PORTS: Address Gaps in Resilience Planning and Standards
RAIL: Address Gaps in Resilience Planning and Standards	
Design	Incorporate Resilience into Design Guidance
Operations	Incorporate Resilience Analysis for Asset Management
Maintenance	Incorporate Resilient Infrastructure Treatments in Maintenance/Operations
Construction	Apply Adaptive Methods for Construction Processes

Short Term Strategy

STC VULNERABILITY Assessment

PLAN - Conduct Multimodal Analysis

- ❖ Legislative mandate - SL 2019-251 SB 356, Section 1.7 (4)
- ❖ Pilot Vulnerability assessment tools – **VAST, HVI, City Simulator**
- ❖ Evaluate transportation vulnerability, risk and environmental stressors at large scale corridor level
 - Highway assets (bridge, pavement), ports (air, sea) and rail
 - Critical connections/access (interchanges and gateways) to military bases, tourist destinations
- ❖ Incorporate and harness NCDOT tools and data layers
 - ❖ Current and predictive flood inundation and probability – Bridge Watch, FIMAN-T advanced hydrologic modeling
 - ❖ Involve and engage planning partners along entire corridor
- ❖ Involve and engage planning partners along entire corridor

Short Term Strategy

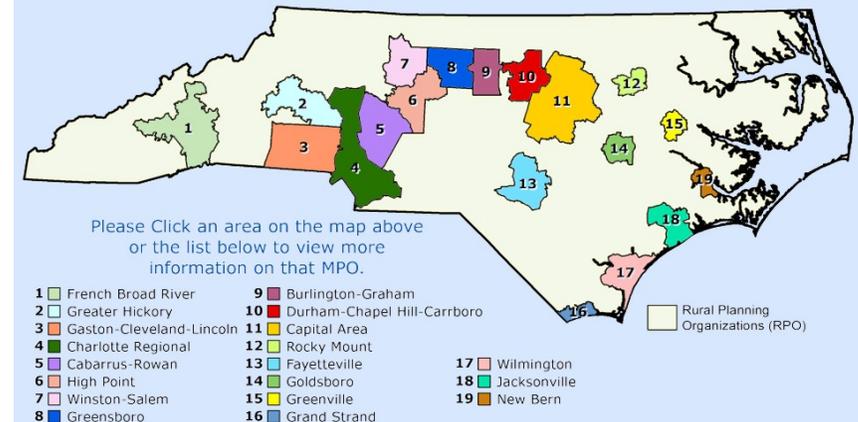

RESILIENCY WITHIN MTP and CTP

PLAN - Resiliency in MTP Update

- ❖ Build on Wilmington MPO approach – link Hydrological and Environmental layers ; expand use of project ATLAS and CTP layers
- ❖ Determine and describe resiliency-based criteria, considerations and project priorities.
- ❖ Identify Performance Measures for resiliency priorities – basis for project “burden/benefit” analysis
- ❖ Innovate stakeholder and community engagement
- ❖ Consider event-based scenario planning

How to Apply Data

- Map the data along with environmental map
- See how flood inundation data affects projects
- Document potential project flood inundation and rockfall/landslide/rockslide
- Make note of roads parallel to facilities that are affected
- For roads that are inundated at certain recurrence intervals, follow provided guidelines

*Flood Incidents represent historic flood events catalogued in the NCDOT Drive N.C. database from 2011-2019.

**Road Inundation Incidents are displayed by depth at the 10, 25, 50, and 100-year recurrence intervals for interstates and at the 10, 25, and 50-year recurrence intervals for U.S. and N.C. routes. Depths are displayed for incidents greater than 0.5 feet on all routes except for interstates and designated evacuation routes, where depths of all levels are shown. Road Inundation Incidents displayed on this map are those only within 10 miles of the Corridor.

Guidelines for Flood Inundation

- Interstates and future interstates 100-year recurrence interval
- US and NC Routes – 50-year recurrence interval
- No data available on secondary roads at this time
- Engineering judgement on inundation depth of roadways
 - More than 0.5ft
 - If roadway is an Evacuation Route then any depth

Ongoing Resilience Projects

- Resilience Strategy Report Annual Update
- USACE Flood Risk Feasibility Studies on Neuse, Tar-Pamlico, and Lumber River Basins
- Finalize Flood Risk Feasibility Studies on I-95/I-40 and US-17/US-258
- Conduct Pilot Vulnerability Assessments on US74, US 70, west I-40, and NC12
- Rail Flood Inundation Mapping
- Resilience Registry of Projects

RESOLUTION

ADOPTING THE AMENDED 2020 – 2025 METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM AND AMENDED 2045 METROPOLITAN TRANSPORTATION PLAN FOR THE BURLINGTON - GRAHAM METROPOLITAN PLANNING ORGANIZATION

A motion was made by TAC member _____ and seconded by _____ for adoption of the resolution below, and upon being put to a vote was duly adopted on this 17th day of August, 2021.

WHEREAS, the Burlington – Graham Metropolitan Planning Organization (BGMPO) Transportation Advisory Committee (TAC) has found that the Metropolitan Planning Organization is conducting transportation planning in a continuous, cooperative, and comprehensive manner; and

WHEREAS, the Metropolitan Transportation Improvement Program (TIP) is a staged multiple year listing of all federally funded transportation projects scheduled for implementation within the Burlington – Graham Urban Area which have been selected from a priority list of projects, and

WHEREAS, the document provides the mechanism for official endorsement of the program of projects by the TAC; and

WHEREAS, projects listed in the TIP are also included in the North Carolina Department of Transportation (NCDOT) State Transportation Improvement Program (STIP) and balanced against anticipated revenues and identified in the STIP; and

WHEREAS, NCDOT has demonstrated fiscal constraint in the 2020 - 2029 STIP adopted on December 4, 2020 and the TIP is a subset of the STIP and by extension therefore demonstrates fiscal constraint; and

WHEREAS, the TIP shall include, to the maximum extent practicable, a description of the anticipated effect of the TIP toward achieving the performance targets identified in the metropolitan transportation plan, linking investment priorities to those performance targets; and

WHEREAS, the BGMPO Metropolitan Transportation Plan (MTP) has a Planning Horizon year of 2045, and meets all the requirements in 23 CFR 450;

WHEREAS, the BGMPO 2020 – 2025 TIP as amended is a direct subset of the 2045 MTP; and,

WHEREAS, the public has had the opportunity to review and comment on the amended 2020 – 2025 MTIP through public meetings and document sharing; and

NOW, THEREFORE, BE IT RESOLVED, that the Burlington - Graham Metropolitan Planning Organization Transportation Advisory Committee hereby approves the amended 2020 – 2025 Metropolitan Transportation Improvement Program and 2045 Metropolitan Transportation Plan.

CERTIFICATE: The undersigned certifies that the foregoing is a true and correct copy of a resolution adopted by the voting members of the TAC on August 17, 2021.

Date

Leonard Williams, Chair
Transportation Advisory Committee

STATE of: North Carolina
COUNTY of Alamance

I, _____, Notary Public of _____ County, North Carolina do hereby certify that Leonard Williams personally appeared before me on the ____ day of _____ 2021 to affix his signature to the foregoing document.

Notary Public

My Commission expires: _____

THE PARTiculars

Piedmont Authority for Regional Transportation

August 2021

PART

A New Look

There are many variables to **Connecting Communities** within the Triad. The **PART**iculars is our monthly newsletter that gives us an opportunity to check in, connect, and share the latest news about PART and our PARTnerships. As we work hard to provide great commuter services, stay “in-the-know” with The **PART**iculars.

PART Riders Enjoy New Comfort and Style

PART welcomes a new addition to our fleet family! **Our New Flyer Xcelsior**, 40-foot buses are packed with innovative style and increased comfort, providing our valued commuters with an enhanced riding experience. PART purchased a total of 10 new buses. In March 2021, we received six buses that went into operation in May. In June 2021, we received four additional buses; service is scheduled to begin in August. Here are some of the amenities:

- Seating accommodations are for 38 and can hold up to 52 passengers
- Passenger windows can open and close on the upper transom
- Installation of boarding camera above driver's headspace
- Enhanced 'talking bus' features, announcing stop arrivals
- Driver Safety partitions
- Rear route signage

The Diamond Dropbox Fare Boxes are a big change! These new fare boxes are the beginning of a full transition from our old GFI Fare boxes. By using Umo and the Diamond Fare Boxes, we're making it easier for commuters to ride. The total cost for the new additions to PART's fleet was roughly \$4.9 million with 80% FTA grant funds and 20% local funds.

Driver Shortages Bring On Temporary Suspension of Service

Due to driver shortages, PART was forced to make the hard choice to temporarily suspend PART Express **Route 9 – Davidson County Greensboro Express and Route 10 – Randolph County Express**. This decision went into effect Monday, July 12, 2021, and will remain in effect until we can ensure runs will not be missed due to lack of personnel. These decisions are never easy as we know they affect our valued passengers. We fully recognize this means the passengers will have to find alternative transportation until more drivers are hired, and we can consistently provide service.

Our contractor, National Express, has been challenged with seeking new driver talent, but they are taking aggressive steps to fill the void. They have recently increased driver wages, launched an intensive recruiting campaign, and will be holding on-site career events every Wednesday, beginning August 11, 2021. PART will be evaluating our circumstances daily and looking to re-establish service early this fall.

Route Changes

It's that time of year! Over the past several years, the fall has introduced service changes for PART Express; the same holds true during August 2021. With the reopening of UNC, PART is bringing back our full **Route 4 Greensboro to Chapel Hill and Route 4 – Alamance Burlington Express** service with a few minor modifications. These changes will enable employees, patients, and students, to have greater opportunities to get back and forth between Chapel Hill and other areas across our region.

There are also two minor bus stop changes that will take place on **Route 24 – Burgess/Regional Road** to service customers in more convenient locations including improved access to Truist (formally BB&T).

Visit www.partnc.org/routechanges for more information on the changes, beginning on August 2, 2021.

Did You Know?

Keeping you safe is our number one priority! Because PART receives Federal Funding, we are required to participate in the Federal Transit Administration Drug & Alcohol Program. All employees are required to conduct pre-employment drug testing and post-accident drug and alcohol testing.

In addition to these regulations, all employees working in safety-sensitive positions such as driving, maintenance workers, and even our ticket agents, must participate in a random drug and alcohol testing program. When testing is necessary, the tests are conducted at Certified Collection and Testing Facilities to ensure the tests and methods used are accurate, and in compliance with the regulations. Drug and alcohol testing is just one critical component used to ensure all employees, passengers, and the public are as safe as possible as they travel throughout the Piedmont Triad region.

It's Time to Get Engaged...

...in our social media, that is! PART is interested in connecting with you to read your comments, see your likes, check out your shares, and retweet your sweet tweets. And we'd like you to do the same!

A Special Note of Thanks to Our Partners

As with most agencies, PART has been directly impacted due to COVID-19. Our main local funding source comes from rental car proceeds. The shutting down of businesses, restrictions on travel, and changes in workforce, meant PART began last fiscal year 57% below "normal" levels. Although this fiscal year has seen some improvement, we are still looking at a 23% decrease.

Special recognition and thanks to our PARTner agencies including our local cities and Metropolitan Planning Organizations (MPOs), for providing much needed Federal Transit Administration Cares Act, Coronavirus Response and Relief Supplemental Appropriations Act, and American Rescue Plan funds. These dollars have supported PART Express service and additional safety measures we've implemented, since March 2020.

CHALK TALK

At PART, we love hearing from our commuters

"I take PART public transit, so my commute is spent relaxing, instead of fighting traffic. I can focus on myself more and relax on the way home if it's been a stressful day. I can also read and learn something new." ~ Miguel F.

It's a wise choice to ride with PART!

Why ride?

Less time behind the wheel = less stress
