+16469313860,,82896784754#,,,,*115697# US

The TAC meetings are open to the public. Individuals who require special accommodations to participate in programs and activities, desire to make public comments during scheduled meetings should send an email to edejesus@burlingtonnc.gov, visit our website BGMPO.org, or call us at (336) 222 - 7365 by **Tuesday, October 21, 2025, at 3:00 pm.**

AGENDA

1) Call to Order & Quorum Chair

- Welcome and Introductions – New BGMPO staff Kylie Tannenbaum, Transportation Planner
- Membership Rollcall and Determination of Quorum
- Changes to Agenda / Add On Items - **Recommendation/action:** approve Agenda
- Public Comments – 3 minutes per speaker
- NC Ethics Statement for TAC members: Ethics Awareness & Conflict of Interest Reminder--Does any Board member have any known conflict of interest with respect to any matters coming before the Board today? If so, please identify the conflict and refrain from any participation in the particular matter involved

2) Approval of August 19, 2025, Meeting Minutes –(pg. 4-8) Chair

**3) Triangle West MPO Strategic Plan & Organizational Assessment –
(pg. 9-28) (15 minutes) Doug Plachcinski**

INFORMATION: Doug Plachcinski, Triangle West Transportation Planning Organization Director will present their MPO's findings from their Strategic Plan and Organizational Assessment Process.

RECOMMENDATION/ACTION: 1) Receive as information and discuss. No action required.

**4) BGMPO Functional Classification Decennial Review
–(pg. 29-36) (5 minutes) Eliud De Jesus**

INFORMATION: Functional classification is a federally required process that groups streets and highways into classes, based on the character of service they are intended to provide. For further details, you can refer to the link: [Highway Functional Classification](#). BGMPO must approve the functional classification changes within its planning area before they are submitted to FHWA for review. TPD and

BGMPO staff reviewed the region's road network and presented the proposed changes at our August 19 meeting. TPD is now seeking approval for these functional classification changes.

RECOMMENDATION/ACTION: 1) Receive as information 2) Approve the functional classification changes within the BGMPO by resolution.

5) **Transit Section 5307 Formula Fund Suballocation–(pg. 37) (5 minutes)** **Eliud De Jesus**

INFORMATION: As the subrecipient of Federal Transit Administration Section 5307 formula funds for the Burlington – Graham Urbanized Area, the five regional transit operators have reached a consensus about how to split the federal funds among them. Transit agencies must provide their respective non-federal match.

RECOMMENDATION/ACTION: 1) Receive information and discuss. 2) Approve suballocation.

6) **Transportation Improvement Program Amendment (MTIP) –(pg. 38-53) (5 minutes)** **Eliud De Jesus**

INFORMATION: The BGMPO Transportation Improvement Program (TIP) is the regional transportation program for projects that have authorized federal funding and its implementation span of ten years. The TIP is adopted every two years but may be amended as necessary to account for changes in funding, project schedules, and to remain consistent with the 2024 – 2033 STIP State Transportation Improvement Plan. As the BGMPO TIP is a subset of the adopted STIP, the TIP and MTP by extension should demonstrate fiscal constraint to align with state and federally funded transportation projects within our region.

RECOMMENDATION/ACTION: 1) Receive information and discuss; 2) Approve the Transportation Improvement Program Amendment (MTIP) by resolution.

7) **Prioritization 8.0 – Report on Project Submittal Changes (10 minutes)** **Eliud De Jesus**

INFORMATION: SPOT Online closed for submittals on September 30th. Staff submitted all the projects approved by the Board with a few changes. Mebane's project for the Lowes Boulevard Extension (H230066) was submitted, as Division 7 clarified that the H172286 project does not need to be submitted because it was funded in the last cycle. The changes also included adjusting H230393 at Graham's request to modify the intersection improvement details, replacing the roundabout with access management improvements. The modernization improvements for NC 49 (Roxboro Street)/ Trollingwood Road and North Wilkins Road (H230566) was extended to encompass the bridge south of US 70, in coordination with Division 7 Corridor Development Engineer recommendations. Additionally, two rail projects for track improvements near Graham were submitted (R250840 and R250841). Two transit projects for regional Bus Rapid Transit were also submitted: T250838 for the route between Mebane and Carrboro, and T250839 for the route between Winston-Salem and Mebane.

The next steps will involve reviewing the local input point methodology this winter and spring, with the assignment of local input points in the summer and fall of 2026.

RECOMMENDATION/ACTION: 1) Receive as information and discuss.

AGENCY UPDATES

NCDOT Board of Transportation Update **Lynn Clark, BOT**

NCDOT Division 7 Engineer Report (pg. 54-57) **Chad Reimakoski**

It is the policy of the Burlington Graham Metropolitan Planning Organization to ensure that no person shall, on the ground of race, color, sex, age, national origin, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and any other related non-discrimination Civil Rights laws and authorities.

RESOLUTION

IN RECOGNITION AND APPRECIATION OF MEMBER JIM BUTLER SERVICE TO THE TRANSPORTATION ADVISORY BOARD

- WHEREAS,** Mayor Jim Butler, representing the City of Burlington, has served as a member of the Burlington – Graham Metropolitan Planning Organization (BGMPO) and as Transportation Advisory Committee (TAC) Member since 2014; and
- WHEREAS,** Mr. Butler has been actively involved in the Burlington community for over 25 years, including being sworn in as the City of Burlington Mayor on December 8, 2021; and
- WHEREAS,** the BGMPO seeks to publicly recognize his commitment, dedication and service; and
- WHEREAS,** his tireless efforts to engage diverse sectors of our regional community including residents, planning staff, consultants, business leaders, elected officials, and countless others – in the planning and construction of multimodal transportation projects - set a high standard for communication and action throughout his tenure in times of dramatic change and growth over the last decade; and
- WHEREAS,** he has guided MPO staff, elected officials and the public in our region to make sound and fiscally responsible decisions in the development of the Metropolitan Transportation Improvement Programs, Metropolitan Transportation Plans, Regional Comprehensive Transportation Plans, Transportation Safety Plan, Special Studies, Transit Plans, and Bicycle and Pedestrian Plans; and
- WHEREAS,** he championed efforts within the City of Burlington to enhance and expand the multi-modal transportation system and has been a strong supporter of transportation system improvements to serve as a catalyst for economic development and growth within the City of Burlington and the region; and
- WHEREAS,** his contributions as an intelligent, thoughtful, kind, and dedicated public servant are greatly respected among his TAC members, Burlington – Graham MPO staff and member transportation agencies.

NOW, THEREFORE, BE IT RESOLVED, that the TAC acknowledges and extends its gratitude to TAC Member Jim Butler for his distinguished public service to the Burlington – Graham Metropolitan Planning Organization.

BE IT FURTHER RESOLVED that this Resolution is saved in the permanent minutes of the BGMPO and a copy of this Resolution is given to TAC Member Jim Butler.

.....
I, Bob Ward, Transportation Advisory Committee Chair, do hereby certify that the above is a true and correct copy of the excerpt from the minutes of a meeting of the Burlington - Graham MPO Transportation Advisory Committee, duly held on the 21st day of October, 2025.

Bob Ward, Chair
Transportation Advisory Committee

STATE of: North Carolina
COUNTY of Alamance

I, _____, Notary Public of _____ County, North Carolina do hereby certify that Bob Ward personally appeared before me on the ____ day of _____ 2025 to affix his signature to the foregoing document.

Notary Public
My Commission expires: _____

MEETING MINUTES

Nishant Shah, Division 7
Chad Reimakoski, Division 7
Rupal Desai, TPD

BGMPO STAFF

Eliud De Jesus

OTHERS/GUESTS

Jamezetta Bedford, Orange County
Peter Murphy, ACTA
Jaime Lawson, Burlington
Scott Rhine, PART
Lynn Clark, NCDOT BOT

Call to Order

Chair Bob Ward welcomed all members and guests and called the August 19, 2025, TAC meeting to order at 5:03 p.m. Mr. Eliud De Jesus conducted the membership roll call and established a quorum. Chair Ward requested some changes to the agenda and public comments. Mr. De Jesus requested to table item five regarding transit 5307. Mr. Ricky Hall made the motion to approve the modified agenda, seconded by Montrena Hadley. The motion was carried by unanimous voice vote. Chair Ward then requested a motion to approve May 20 and June 12, 2025, meeting minutes. Mr. Steve Carter made the motion to approve the agenda, seconded by Mr. Ricky Hall. The motion was carried by unanimous voice vote.

Briefing by City of Burlington attorney about in-person meetings

David Huffman, Burlington City Attorney, briefed the Transportation Advisory Committee (TAC) members about the in-person meetings. Mr. Huffman has advised us that our TAC is not authorized to conduct hybrid meetings per the North Carolina law. Local government governing boards and appointed boards used the legislated COVID-related provisions that allowed for remote participation and voting remotely, during the statewide State of Emergency (SOE) from May 4, 2020, through August 15, 2022. Except for limited circumstances of statewide emergencies, State, County, and municipal governing boards and commissions reverted to pre-COVID procedures for their meetings. Specifically, to participate and

vote in a public meeting, the board member must be present. Further, the public cannot participate in meetings remotely. Our members or their alternates, and presenters were requested to attend future meetings in person.

BGMPO Functional Classification Decennial Review

Mr. De Jesus introduced Ms. Rupal Desai, from NCDOT TPD, provided a presentation on the Functional Classification Decennial Review, the proposed changes for the MPO, including the list of changes and associated maps. Functional classification is a federally required process by which streets and highways are grouped into classes, according to the character of service they are intended to provide. BGMPO must approve the proposed functional classification changes within its planning area prior to being submitted to FHWA for its review. More information can be found through the following link: [Highway Functional Classification](#).

SPOT 8.0 Project Candidate List Approval

Mr. De Jesus provided an overview of the SPOT 8.0 funding cycle. He reported that the Burlington-Graham MPO is located within Region D, which includes Divisions 7 and 9, with a current regional allocation of approximately \$319 million and \$77 million for Division 7. This represents a decrease from the previous cycle.

Mr. De Jesus reviewed the draft list of top thirteen candidate highway projects, along with bicycle, pedestrian, and rail project lists. Staff requested authority to accept additional aviation, rail, or transit projects on a first-come basis through September 30, 2025, substitute projects if higher priority items are advanced by another jurisdiction and adjust project details with jurisdictional concurrence.

Members discussed clarifying the second provision to ensure substitutions follow the established project ranking rather than jurisdictional discretion. Chair Ward and Ms. Hadley agreed with the clarification. Monti Allison, from the Town of Elon, expressed frustration regarding the submittal process and the constraints placed by the project amount limits and funding availability for unmet needs. Their concerns were acknowledged and noted for further consideration in future planning cycles. BGMPO requested the review and approval of projects listed for submittal with the following caveats: Staff requests the ability to accept additional aviation, rail, and transit projects on a first-come, first-served basis until the end of the submission window, which is currently set for September. They also seek flexibility to submit highway, bike, and pedestrian projects beyond the top priority list if one or more of the current projects are submitted by Division 7 or another Planning Organization. Additionally, staff requested the ability to modify project details, provided that any such modifications are supported by the appropriate member of jurisdiction and remain consistent with the originally designated corridor or geographic area listed. A motion to approve the Draft SPOT 8.0 Project Candidate List with the stated caveats and priority clarification was made by Mr. Ricky Hall and seconded by Mr. Jim Butler. The motion carried unanimously.

Triangle Region Air Quality Conformity

Mr. De Jesus presented the Triangle Region Air Quality Conformity Determination Report (AQ CDR). The purpose of the AQ CDR is to document that the 2026-2035 TIP meets federal transportation conformity requirements in accordance with 40 CFR Part 93. Although the Triangle area meets current emission requirements, the area is in a maintenance program for ozone and therefore must demonstrate conformity for nitrous oxides, which are precursors to ground level ozone. This is a requirement for the Triangle Region area which includes the Orange County area of the BGMPO only. At the last meeting,

Mr. Steve Carter made the motion for approval, a motion seconded by Ms. Lisa Mathis. The motion carried unanimously.

Transportation Improvement Program Amendment (MTIP)

Mr. De Jesus reviewed proposed amendments to the 2024–2033 Statewide Transportation Improvement Program and the BGMPO TIP. Amendments included the addition of project M-0570 for multimodal planning and adjustments to local operating and capital projects as requested by North Carolina Division of Transportation. Chair Ward requested a motion to approve. A motion to approve the amendments and recommend MTIP adoption by resolution was made by Mr. Ricky Hall and seconded by Ms. Montrena Hadley. The motion carried unanimously.

BGMPO 2026 - 2035 Transportation Improvement Program (TIP) Adoption

Mr. De Jesus presented the final 2026–2035 Transportation Improvement Program for adoption. He stated that the document reflects projects previously reviewed by the TCC and contains no substantive changes. The TIP is a living document that may be amended as needed. A motion to recommend TAC adoption was made by Ashley Ownbey and seconded by Matthew Hoagland. The motion carried unanimously.

AGENCY UPDATES

NCDOT Division 7 Engineer Report: Mr. Chad Reimakoski provided an update on active projects. Updates were included in the packet on pages 134-138. Public input for the 2026–2035 Statewide Transportation Improvement Program.

NCDOT Transportation Planning Division Update: Ms. Rupal Desai shared that the Division received an award for Long-Range Transportation. TPD received the 2025 Excellence in Regional Transportation Award from the National Association of Development Organizations (NADO). This was a joint award recognizing the strong partnership and delivery of Regional Comprehensive Transportation Plans for the Foothills Rural Planning Organization (RPO) and Northwest Piedmont RPO.

NCBOT Update: Lisa Mathis provided NCDOT updates by Chantal storm impacts. Also, she announced the appointment of Lynn Clark as the new NCBOT representative for BGMPO.

Transit Agency Updates: ACTA shared updates about their Micro Transit Grant and reported the use of use ECOLane Software to support operations. ACTA also confirmed that transit services to Graham and Haw River will commence on October 1.

Other Business: Mr. De Jesus provided MPO updates and facilitated discussion with TAC members regarding ongoing question and concerns.

ADJOURNMENT

There being no further business, Mr. Hall made the motion to adjourn the meeting and was seconded by Steve Carter. The motion carried unanimously adjourned the meeting at 6:25 pm. The next TAC meeting was scheduled for **October 21, 2025**.

Strategic Plan & Organizational Assessment

@BGMPO October Meetings

TRIANGLE WEST
Transportation Planning Organization

CONTEXT

- Research Triangle is one of the **fastest growing regions** in the United States
- Since 2020, Triangle counties had a 5-year population change of **56.8%**
- Strong transportation system and infrastructure are key to accommodating this growth

STRATEGIC PLAN – PURPOSE

1

Support Triangle West's transition into a **proactive and influential regional leader** that delivers innovative transportation solutions

2

Articulate Triangle West's **mission, vision, and values** as an organization

3

Outline **strategic focus areas** to guide the organization's work over the next 5 years

ORGANIZATIONAL ASSESSMENT – PURPOSE

1

Support the successful **implementation** of the Strategic Plan

2

Identify resources, personnel, practices, and efforts needed to achieve Strategic Plan's **goals**

3

Gather insights from staff and best practices from peer organizations to **enhance Triangle West's performance**

④ Member
Survey

④ Staff Focus
Groups &
Retreat

④ Member
Interviews

④ Technical
Committee
Retreat

④ Board
Retreat

STRATEGIC PLAN PROCESS

Strategic Focus Area 1: Evaluate State of Infrastructure Repair and Maintenance

Assess the current state of infrastructure repair and maintenance by collecting and sharing previously tracked data that has not yet been distributed to key partners. Provide accessible, transparent information about existing conditions and the costs associated with maintaining the transportation infrastructure to help regional partners make informed decisions.

Strategic Focus Area 2: Fulfilling Our Required Functions

Commit to organizational excellence by fulfilling our core, required functions. These functions are critical for ensuring effective regional transportation planning and include supporting both short-term and long-term transportation plans, as well as maintaining the Transportation Improvement Program (TIP) and the Metropolitan Transportation Plan (MTP).

Strategic Focus Area 3: Strengthen Collaboration with Partners

Strengthen collaboration with a wide range of partners at all levels. Foster strong ties with state and local transportation agencies, municipalities, economic developers, the contractor community, and other MPOs to become a regional leader in transportation planning. This focus area will ensure that Triangle West is not only a conduit for information but also a partner in creating solutions that address shared regional challenges.

Strategic Focus Area 4: Strengthening Engagement in Legislative Dialogue and Policy Updates

This focus area emphasizes the importance of building staff capacity to effectively track and respond to legislative changes and policy shifts. Additionally, hiring communications talent will help ensure that Triangle West can effectively communicate with legislators, stakeholders, and the public about key policy developments and advocating for the region's transportation priorities.

Strategic Focus Area 5: Community Engagement and Education

Improve outreach efforts and raise awareness about Triangle West's work, ensuring that the organization's efforts are understood and supported by the public. Triangle West is committed to giving a voice to underrepresented communities, ensuring that all populations have an opportunity to engage in the transportation planning process and that their needs are considered in decision-making.

Strategic Focus Area 6: Transportation System Resiliency

Triangle West recognizes the critical importance of building a resilient transportation system that can adapt to changing conditions and be prepared for natural disasters. This focus area highlights the need to strengthen regional resilience and improve emergency preparedness to ensure the transportation system remains functional and effective in the face of natural disasters, climate change, and other unforeseen challenges.

Our Values

Safety

Sustainability

Economic Prosperity

Diverse Transportation Modes

Ease of Movement

Increased Accessibility

MISSION & VISION

Mission:

To equitably advocate for and deliver a transportation system that connects people, promotes economic growth, and drives lasting regional progress

Vision:

A sustainable, innovative, transportation system that empowers people with diverse, accessible options to connect communities, unlock opportunities, and support regional growth and potential

ORGANIZATIONAL ASSESSMENT PROCESS

KEY FINDINGS

STAFF ENGAGEMENT

Staff affirmed that they work in a **collaborative environment** and receive strong support from their colleagues

The organization's **workload is heavy across all three divisions**, and employees across the board are frequently busy completing a range of tasks

Nearly **40%** of the organization's staff have taken on new responsibilities or tasks within the past year

Several key staff members emphasized that **more administrative support** would relieve heavier workloads and increase organizational productivity

Lack of sufficient role clarity has created communication, coordination, and productivity challenges across the organization's divisions

Triangle West TPO Peer Organizations

	Location	Population Served	Service Area	Member Jurisdictions	Selection Reason
Triangle West	North Carolina	1.2 M	1,547 miles/sq	10	
CAMPO	North Carolina	1.86 M	3,996 miles/sq	25	Key Partner
Wilmington Urban Area MPO	North Carolina	652,400	494 miles/sq	10	Innovation Focus
Nashville Area MPO	Tennessee	1.7 M	3,900 miles/sq	27	High Growth, in South
CAMPO	Texas	2.46 M	6,270 miles/sq	20	LPA Transition
Miami Dade TPO	Florida	2.70 M	2,481 miles/sq	24	Public Engagement

Key Findings

Peer Engagement

All peer organizations employ dedicated **Community Engagement Specialist and Administrative Specialist** roles, while Triangle West does not currently employ either of these roles

The most comparable peer organization employs **nearly 25% more staff** than Triangle West current employs

All peer organizations utilize **tailored position classifications** to describe specific functions of individual staff members, whereas Triangle West's position classifications are much broader and less descriptive

All peer organizations have either adopted a **formal employee onboarding program** or plan to adopt one in the future

ORGANIZATIONAL CAPACITY RECOMMENDATIONS

Hire Community Engagement Specialist

Hire Administrative Specialist

Hire Transportation Modeler

Hire Transportation Mobility Manager

ADDITIONAL RECOMMENDATIONS

Develop Position Classifications for Planning and Modeling Teams

Evaluate Employee Fringe Benefits

Establish A Formal, TPO-Specific Onboarding Program

QUESTIONS?

RESOLUTION

APPROVING UPDATES TO THE FUNCTIONAL CLASSIFICATION NETWORK FOR THE BURLINGTON - GRAHAM METROPOLITAN PLANNING AREA

A motion was made by TAC Member _____ by TAC Member _____ for the adoption of the following resolution, and upon being put to a vote was duly adopted.

WHEREAS, the Federal Highway Administration (FHWA) requires that all public roads be functionally classified to establish roadway eligibility for federal funding, the application of design standards, and long-range planning; and

WHEREAS, the North Carolina Department of Transportation (NCDOT), with FHWA oversight and in coordination with Metropolitan Planning Organizations (MPOs) and Rural Planning Organizations (RPOs), is conducting a statewide post-Census review and update of the roadway functional classification system in accordance with FHWA's 2023 guidance; and

WHEREAS, Burlington-Graham MPO (BGMPO) staff, in coordination with NCDOT's Transportation Planning Division, have reviewed and re-evaluated the functional classification system and submitted proposed updates reflecting current travel patterns, growth trends, and regional priorities; and

WHEREAS, FHWA approval of the BGMPO's functional classification updates is anticipated by December 29, 2025, ensuring the Burlington-Graham region's transportation system is accurately represented in statewide planning and positioned to support future funding opportunities and investment decisions;

NOW THEREFORE, be it resolved by the Burlington-Graham Urban Area Transportation Advisory Committee hereby approves the proposed updates to the Federal Functional Classification Network for the Burlington-Graham MPO (BGMPO) area, as presented in and incorporated by reference through the attached BGMPO Functional Classification Update Request Map and documentation.

CERTIFICATE: The undersigned certifies that the foregoing is a true and correct copy of a resolution adopted by the voting members of the TAC on this the 21st day of October, 2025.

RESOLUTION

APPROVING THE BURLINGTON - GRAHAM METROPOLITAN PLANNING ORGANIZATION TRANSPORTATION IMPROVEMENT PROGRAM AND METROPOLITAN TRANSPORTATION PLAN AMENDMENTS

A motion was made by TAC Member _____ by TAC Member _____ for the adoption of the following resolution, and upon being put to a vote was duly adopted.

WHEREAS, the Metropolitan Transportation Improvement Program (TIP) is a staged multiple year listing of all federally funded transportation projects scheduled for implementation within the Burlington-Graham Urban Area which have been selected from a priority list of projects; and

WHEREAS, the document provides the mechanism for official endorsement of the program of projects by the Transportation Advisory Committee; and,

WHEREAS, the Transportation Advisory Committee has reviewed the current TIP and found the need to amend it; and,

WHEREAS, the following amendments have been proposed:

<i>STIP-ID</i>	<i>Project</i>	<i>Funding Category</i>	<i>Funding Year</i>	<i>Cost</i>

Description: The FY2025 Federal Apportionments have been released by Congress, and the Burlington-Graham MPO/NCDOT adopted an allocation of the FTA Section 5307 GA funds to the ACTA agency (\$577,482). With the federal formula apportionment funds being updated on an annual basis, the amount of funds applicable to the ACTA agency are being updated to align the Federal Funding with the Metropolitan and State Transportation Improvement Program for an upcoming FTA grant.

OCTOBER 2025

Johnson Begins as State Transportation Secretary

RALEIGH – The N.C. Department of Transportation is now being led by Daniel H. Johnson, who was recently appointed to the position by Gov. Josh Stein.

After being sworn in Oct. 1, Johnson officially began as State Transportation Secretary. Gov. Stein in September named Johnson as the successor to former Secretary Joey Hopkins, who retired after a 35-plus year career at NCDOT.

Secretary Johnson's priorities include Hurricane Helene recovery, improvements within the N.C. Division of Motor Vehicles, and retaining and attracting the workforce at NCDOT. Read more about Secretary Johnson [here](#).

Open Call for Projects Focused on Pedestrian Safety

The NCDOT is excited to announce an open call for projects focused on pedestrian safety. The Call for Projects is open now and runs through November 14th, 2025. This is specifically focused on improvements in smaller urban and rural areas that require little to no right-of-way acquisition in communities with high need for improved pedestrian safety. Eligible pedestrian safety projects include a range of pedestrian-focused improvements, such as:

- Marked crosswalks, curb ramps, visibility enhancements or traffic control at crossings
- Marked crosswalks, curb ramps and pedestrian WALK phasing at signalized intersections Improved crossings at unsignalized or midblock locations.

The following website contains more details about the Call for Projects, here. <https://connect.ncdot.gov/resources/safety/Pages/Pedestrian-Safety-Project-Call.aspx>.

"Connecting people, products and places safely and efficiently with customer focus, accountability and environmental sensitivity to enhance the economy and vitality of North Carolina...."

To: BGMPO Committee members
Subject: FFY 2026 Call for Pedestrian Safety Projects

Hi Committee members of the BGMPO,

The NCDOT is excited to announce an open **Call for Projects focused on pedestrian safety**. The Call for Projects is now open and will remain open through **November 14th, 2025**. **Notably, local governments are not required to provide matching funds for this initiative.**

This call for projects is specifically focused on improvements in urban and rural areas like the ones within our MPO (non-TMA) that can be obligated quickly and require little to no right-of-way acquisition in communities with a high need for improved pedestrian safety. Eligible pedestrian safety projects include a range of pedestrian-focused improvements, such as:

- Marked crosswalks, curb ramps, visibility enhancements, or traffic control at crossings
- Marked crosswalks, curb ramps, and pedestrian WALK phasing at signalized intersections
- Improved crossings at unsignalized or midblock locations

Important aspects of this effort:

- Cost estimates are not needed at the time of project submission. NCDOT will develop estimates for selected projects.
- Local matching funds are not needed for selected projects.
- NCDOT will administer and deliver selected projects.
- Construction funds for selected projects will need to be obligated **by June 30th, 2026**

The following website provides more details about the Call for Projects, including a map of eligible areas, a list of eligible entities, and a link to submit projects: <https://connect.ncdot.gov/resources/safety/Pages/Pedestrian-Safety-Project-Call.aspx>.

In addition, NCDOT will host a webinar **on October 21st at 10:00 a.m.** to provide further information and be available to answer questions. Although the webinar time conflicts with our next TCC meeting, it will be recorded for those who are unable to attend. You can register for the event [here](#).

The BGMPO has reviewed the submitted sidewalk and multimodal projects from our jurisdictions. Based on the criteria outlined above, we have created an attached list and maps—one for each jurisdiction—for your consideration. Please review the column titled "BGMPO Project Log Notes," which includes comments about right-of-way restrictions and opportunities for each project. Cross-reference this with our Bike/Ped High Injury Network in the 2022 BGMPO Safety Plan.

We recommend prioritizing improvements along the corridors of most of the attached projects. This type of funding opportunity is not offered often, so we encourage you to review your area and consider additional projects that can benefit from this call. If you would like to schedule a call to discuss strategies prior to or after the webinar, please let us know. Remember, all projects must be submitted by local entities.

Context about the initiative: We have learned that the Division of Planning and Programming (DPP) is working with the Transportation Mobility and Safety Division (TMSD) to have **a call for Pedestrian-focused safety projects**. The STI law allows the Department to select Transportation Alternative-funded projects using an alternative quantitative criteria selection process (similar to HSIP). We anticipate having \$20-\$25 million of available TA funds that we'd like to authorize by June 15, 2026, to support the Department's August Redistribution request. The funds are anticipated (subject to change) to be available in the following categories:

- <5K population area: \$14M
- 5K-50K population area: \$4M
- 50K-200K population area: \$6M

The Transportation Mobility and Safety Division will evaluate and score projects through a competitive selection process, similar to the one used for evaluating Highway Safety Improvement Projects (HSIP) projects. Projects must meet the following criteria to be considered:

- Eligible for federal Transportation Alternative funds
- Focused on improving pedestrian safety
- Ready for delivery – Construction funds need to be authorized by June 15th, 2026 (let typically is 1-2 months later)
- No additional right-of-way needed (easements are ok)
- Must be wholly located within one of the following designated population areas:
- <5K population area (including within an MPO)
- 5K to 50K population area
- 50K to 200K population area
- Projects that cross population areas are NOT eligible
